## FOAMING LIQUID HAND WASH

Foam Wash is a gentle, yet effective foaming hand wash designed for frequent use. Formulated with mild surfactants and skin-conditioning agents, it provides excellent cleaning performance without drying out the skin. This foaming hand wash is ideal for use in commercial, industrial, and household settings where frequent handwashing is necessary. With its pleasant Milk and Honey fragrance, it offers a soothing and refreshing hand-washing experience.

**Mild Formulation:** Ideal for sensitive skin.

**Biodegradable:** All ingredients are biodegradable, ensuring an environmentally responsible product.

**Skin Conditioning:** Enriched with ingredients to help retain skin moisture and prevent dryness after washing.

**Foaming Application:** Designed for use with foaming dispensers, providing an economical and efficient hand wash experience.

**Pleasant Fragrance:** Infused with a Milk and Honey fragrance, providing a pleasant and refreshing scent after use.

### Environmentally Safe

Foam Wash is formulated with readily biodegradable surfactants minimising its environmental impact.

### Cleaning Efficacy

Foam Wash is a highly effective foaming hand soap designed to provide excellent cleaning performance. The formulation ensures a strong foaming action and effective cleaning while being gentle on the skin. The ingredients also help reduce skin dryness, enhancing the user experience.

### Personal Safety

The product is formulated to be gentle on the skin, making it suitable for frequent use, but caution should be taken to avoid eye contact.

### Transport Safety

Foam Wash is not classified as dangerous goods for road, rail, sea, or air transport. It can be transported safely under normal conditions without special handling or labelling requirements.

## FOAMING LIQUID HAND WASH

### DIRECTIONS FOR USE:

For Foam Wash, which is a foaming hand wash, the product is generally used undiluted for optimal performance. Here are the recommended applications and cleaning instructions for various uses:

#### 1. General Hand Washing (Public or Commercial Restrooms):

- Dilution Rate: Use undiluted.
- Cleaning Instructions:
  - a. Dispense Foam Wash directly from a foaming soap dispenser onto dry or wet hands.
  - b. Rub hands together, covering all areas, including between fingers and under nails, to create a rich foam.
  - c. Scrub for at least 20 seconds.
  - d. Rinse thoroughly with clean water.
  - e. Dry hands with a clean towel or air dryer.

#### 2. Industrial or Workshop Settings (Heavy Duty Hand Washing):

- Dilution Rate: Use undiluted.
- Cleaning Instructions:
  - a. Dispense Foam Wash directly onto dry hands from a foaming soap dispenser.
  - b. Rub hands together to form a thick lather, ensuring the foam covers areas with grease or dirt.
  - c. Scrub hands for at least 30 seconds, focusing on heavily soiled areas.
  - d. Rinse thoroughly with warm water to remove dirt, grease, and soap.
  - e. Dry hands with a towel or air dryer.

#### 3. Medical or Healthcare Settings (Frequent Hand Washing):

- Dilution Rate: Use undiluted.
- Cleaning Instructions:
  - a. Dispense Foam Wash from a foaming soap dispenser onto wet hands.
  - b. Scrub hands for at least 20-30 seconds, focusing on the palms, backs of hands, fingers, and under nails.
  - c. Rinse thoroughly with clean water to ensure all soap is removed.
  - d. Dry hands using a disposable towel or air dryer.

#### General Notes:

- Foaming Soap Dispenser: Foam Wash is designed for use with foaming dispensers to create rich foam. Ensure the dispenser is compatible with foaming hand wash products.
- Skin-Friendly Formula: Foam Wash is formulated to be gentle on the skin, making it suitable for frequent hand washing in healthcare and industrial environments.
- Storage: Store in a cool, dry place. Avoid exposure to direct sunlight or extreme temperatures.

By following these instructions, Foam Wash will provide effective hand cleaning for various applications while being gentle on the skin.

### Safe Handling & Storage Instructions

#### Safety Information:

Foam Wash is classified with the following hazards:

- Serious Eye Damage / Eye Irritation: Category 2A

Users should avoid direct contact with the eyes and rinse immediately if contact occurs.

#### Packaging:

Foam Wash is available in various packaging options to suit different operational needs. Please consult the Safety Data Sheet (SDS) for detailed handling and storage instructions.
