

SURE WASH LIQUID

LAUNDRY LIQUID

Sure Wash Liquid is a premium laundry detergent designed for both commercial and domestic use. This high-efficiency formula effectively removes tough stains, dirt, and grime from fabrics, leaving laundry fresh and clean. The combination of surfactants, optical brighteners, and fragrance ensures excellent cleaning performance while maintaining fabric quality.

Powerful Cleaning Action: Thorough stain removal, even in cold water.

Pleasant Fragrance: Leaves laundry with a long-lasting fresh scent.

Fabric Brightening: Enriched with optical brightener to maintain fabric brightness and prevent dullness over time.

Biodegradable Ingredients: Sure Wash is designed to be environmentally responsible, with biodegradable components to minimise environmental impact.

Gentle on Fabrics: Formulated to provide effective cleaning while being gentle on clothes.

Environmentally Safe

The product is biodegradable but should still be managed responsibly.

Cleaning Efficacy

Sure Wash Liquid is highly effective as a laundry detergent. It is suitable for a wide range of fabric types, providing strong cleaning power without damaging delicate materials.

Personal Safety

Prolonged or repeated contact with Sure Wash may cause skin irritation, especially for people with sensitive skin. Household rubber gloves are recommended when handling the concentrated product or when washing by hand.

Transport Safety

Sure Wash Liquid is not classified as dangerous goods for road, rail, sea, or air transport. It can be transported safely under normal conditions without special handling or labelling requirements.

SURE WASH LIQUID

LAUNDRY LIQUID

DIRECTIONS FOR USE:

For Sure Wash Liquid, a versatile laundry liquid, here are the recommended dilution rates and cleaning instructions for various specific applications:

1. General Laundry (Machine Wash):

- Dilution Rate: Use 50-100 ml of Sure Wash Liquid per 5 kg of laundry.
- Cleaning Instructions:
 - a. Add the recommended amount of Sure Wash Liquid to your washing machine's detergent compartment or directly into the drum.
 - b. For lightly soiled clothes, use 50ml. For moderately soiled clothes, use 75ml. For heavily soiled clothes, use 100ml.
 - c. Select the appropriate wash cycle and water temperature based on the fabric care labels (cold, warm, or hot water).
 - d. After washing, ensure the clothes are thoroughly rinsed and then dried according to fabric instructions.

2. Hand Washing Clothes:

- Dilution Rate: Use 30-50 ml of Sure Wash Liquid per 10 litres of water.
- Cleaning Instructions:
 - a. Fill a basin or sink with warm water and add Sure Wash Liquid.
 - b. Soak clothes in the solution for 5-10 minutes.
 - c. Gently agitate the clothes to remove dirt and stains.
 - d. Rinse the clothes thoroughly with clean water and wring out excess water before drying.

3. Heavily Soiled Clothes (Pre-Treatment or Soaking):

- Dilution Rate (Pre-Treatment): Use undiluted Sure Wash Liquid.
- Cleaning Instructions:
 - a. Apply Sure Wash Liquid directly to tough stains or heavily soiled areas (such as collars or cuffs).
 - b. Allow the liquid to sit on the stain for 5-10 minutes.
 - c. Place the treated clothes in the washing machine and proceed with the regular wash cycle using the recommended dosage.
- Dilution Rate (Soaking): Use 50 ml of Sure Wash Liquid per 5 litres of water.
- Cleaning Instructions:
 - d. Soak the heavily soiled clothes in the solution for up to 30 minutes before washing.
 - e. After soaking, wash the clothes either by hand or in a washing machine as usual.

General Notes:

- Water Hardness: In areas with hard water, you may need to increase the amount of Sure Wash Liquid slightly to improve cleaning efficiency.
- Fabric Care: Always check the fabric care labels for washing temperature and drying instructions, and adjust the dilution and washing method accordingly.
- Storage: Store Sure Wash Liquid in a cool, dry place, away from direct sunlight.

By following these dilution rates and instructions, Sure Wash Liquid will effectively clean a variety of fabrics while maintaining the quality of the materials.

Safe Handling & Storage Instructions

Safety Information:

Sure Wash Liquid is classified with the following hazards:

- Skin Corrosion/Irritation: Category 2
- Serious Eye Damage / Eye Irritation: Category 2

Household rubber gloves are recommended when handling the concentrate and when washing by hand, especially for people with sensitive skin
